## PROFESSIONAL EXPERIENCE

**AML Oceanographic Ltd - Victoria, Canada**

**Fulfillment Technician & PowerBI Support Analyst**

**Jun 2025 - Present**

- Verify that all instruments and sensors are properly calibrated, functional, and ready for end-customer use, ensuring quality assurance.
- Identify and troubleshoot inconsistencies or issues in equipment performance before final packaging.
- Collaborate with internal teams to ensure all customer deliverables meet technical and quality standards.
- Support creation and maintenance of Epicor Business Activity Queries (BAQs) for inventory, logistics, and operational insights.
- Assist in building and updating Power BI dashboards, helping teams visualize key data for internal reporting and decision-making.
- Contribute to process improvements by bridging operational tasks with data analysis and technical documentation.

**AML Oceanographic Ltd - Victoria, Canada**

**Supply Chain Clerk**

**Oct 2024 - Jun 2025**

- Process Non-Conformance (NC), Discrepant Material Report (DMR), and Stock Requests accurately and promptly, ensuring supply chain compliance.
- Perform regular inventory counts and audits, ensuring stock levels meet operational standards and support financial accuracy.
- Receive and document incoming parts both physically and digitally, maintaining comprehensive records for traceability and reporting.

**Walmart**

**OMNI Customer Fulfillment Associate**

**Apr 2023 - Present**

- Collaborated with the OMNI team management to meet or exceed daily order fulfillment targets, ensuring timely delivery of products to customers.
- Trained and helped new team members so they can become completely independent and functional associates.

**BankArg - University Project**

**ISPC - Scrum Master | Developer**

**Jul 2022 - Dec 2023**

- Proficiently utilized a tech stack comprising **Angular**, **HTML**, **CSS**, and **Bootstrap** for the front-end development, and leveraged **Django** for the back-end, showcasing strong command over both front-end and back-end technologies in the project.
- Demonstrated strong leadership as a **Scrum Master**, effectively guiding the team through challenges and achieving a remarkable 90% success rate in overcoming obstacles.
- Orchestrated the integration of **APIs** with the front-end and implementation of essential functionalities, enhancing the platform's overall capabilities.
- Took a hands-on approach in coding and software development, contributing to the creation of critical features and optimizations, thereby bolstering the team's productivity and codebase quality.
- Successfully adapted the project for mobile platforms by integrating it with Android Studio, ensuring seamless functionality across multiple devices and expanding the application's accessibility to a broader user base.
